Back Wheel Assembly

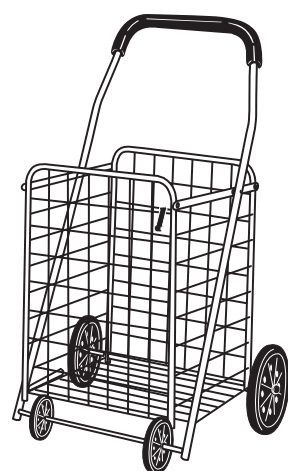

1. Slide back axle (I) through hole in back vertical tube of frame and twist axle until the second hole is visible from the opening. Slip the axle cotter pins (J) through the opening in back vertical tube and into the inner hole. Repeat step 1 for the other side.

2. Place a large washer (C) then large spring (E) another large washer (C) over back axle. Slip back wheel (B) on the axle and place a third large washer (C) in front of wheel.

3. Place hub cap (H) on the end of axle and line up the holes of the hub and the axle. Slip the hub cotter pin (G) through the holes. Bend end of cotter pin using pliers (not provided) to lock wheel in place. Repeat steps 2 and 3 for other side.

Plastic latch (L) holds folded cart together

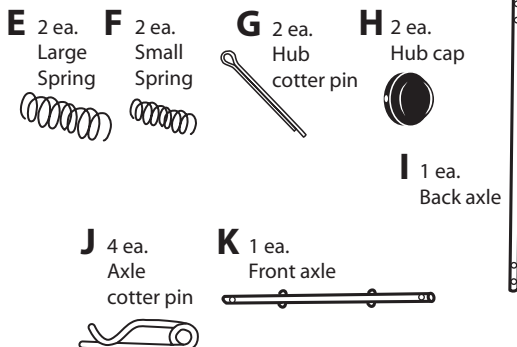

Front Wheel Assembly

Slide a small washer (D) a front wheel (M) another small washer (D) a small spring (F) then another small washer (D) on each end of the front axle (K). Insert one side of the assembled front axle into the hole in the handle tube. Rotate the axle so the hole is visible at the bottom of the tube. Slip the cotter pin (J) into the axle hole. Repeat for the other side. Place cap (L) over ends of tube.

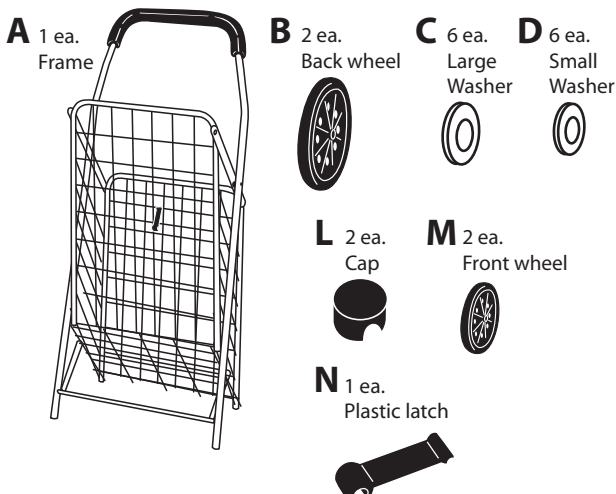

Assembly Time:
Less than 30 minutes.

This product's intended use is for carting groceries, sporting equipment, laundry items, etc.

Tools Needed: Pliers
